Organizer

Eurasia's First and Only Lubricants and Industrial Oils Exhibition

Türkiye's and EMEA Region's Most Comprehensive Lubricant and Industrial Oil Platform

Our aim at the Eurasian Lubricants Show is to bring together thousands of decision makers and all the components of the lubricant industry, to bring together Lubricant, Industrial Lubricant, Chemical and Equipment companies and all end users of the sector with buyers, and to present the latest developments in the sector to the participants first-hand with the conferences and workshops we will organize during the exhibition.

Visitors from both the lubricants and industrial lubricants industry and end-users can find all the products the industry needs, including finished lubricants, additives, process and production equipment, automation systems, testing and analysis services and the latest technologies.

Eurasian Lubricants Show serves as a key meeting point and a significant opportunity for the lubricants industry. I consider the launch of such an exhibition to be a highly valuable initiative. By bringing together industry professionals from across Europe and Asia, it creates an ideal platform for tracking market developments, building new business partnerships, and strengthening existing networks.

This vision is clearly reflected in the exhibition's name. Both in its identity and its concept, Eurasian Lubricants Show addresses a critical industry need by promoting international collaboration and the exchange of knowledge across the sector.

MATTIA ADANI

UEIL President

Exhibitor Profile

- Lubricants
- Industrial Oils
- Metal Processing Fluids
- Rust Inhibitor Oils
- Process Oils
- Grease Oils
- Coolants
- Additives
- Raw Materials & Chemicals
- Lubricant Technologies
- Laboratory & Production Equipment
- Warehousing & Logistics Solutions
- Engineering Services

As this is the inaugural edition of the exhibition, rather than focusing on expectations, I would like to emphasize why we are here. We are here to demonstrate our country's commitment to this industry and to contribute to positioning the products we manufacture where they truly belong, both in Türkiye and in international markets. We see this not only as a responsibility to our industry, but also as a valuable contribution to our country.

As Golteks, we are committed to continuing our participation in future editions of Eurasian Lubricants Show. We aim to support the exhibition's continued growth and contribute to its long-term success.
